

413 Books Catch-up/ Clean-up Services

Catch-up Services start at \$450

This price is based on complexity of the catch-up and number of accounts. Base price would be a current year catch-up. This Package includes email and phone support during the project. This also includes reconciliation during the catch up with reports at the end.

Clean-up Services start at \$650

This price is based on complexity of the clean-up project, number of accounts, and years needed to be cleaned. This Package includes email and phone support during the project. This also includes reconciliation of each year and reports for each year.

Book a Discovery Call to talk about how 413 Books can help your Business get back on track financially. During our call we can determine what your business needs to see a clearer picture of your company's finances to set you up for success for the next tax season.

At 413 Books, we only use Quickbooks Online Accounting Software.

If you are not currently a Quickbooks Online user we can set-up your company at an additional fee. New Company Set-ups start at \$350, based on complexity of set-up needs and number of accounts. This includes email and phone support during project.

If you are currently using Quickbooks Desktop or are on another Accounting Software, we can convert your company over to Quickbooks Online for an additional fee. Conversions start at \$550, based on complexity of set-up needs and number of accounts. This includes emails and phone support during the project.
